

Our Mission: To offer quality education, health and socio-economic services to children and families in Mukuru Community

Our Way to the Future....

Is developed to ensure continuity and improvement on the fundamental objectives and approaches of Ruben.....

Faith Based Presence

Creates clear foot prints developed on the values; spiritual growth; culture and empowerment of those made poor

Strengthened Human and Organisational Capacity

Recognising the dignity, connectedness and interdependence of those living in Mukuru Community through responsible stewardship; full accountability and fair distribution of resources

Social and Economic Development

Through the empowerment of the residents of Mukuru Community and, by strengthening the capacity of community groups to achieve long-term solutions and mutual transformation.

Health

By providing improved quality health services and health deliverables

Education

Build the capacity of the community through quality education, in the Spirit of Edmund Rice,

Advocacy & Networking

Transforming unjust structures and improving infrastructures to ensure positive social change and giving a voice to the voiceless

Our work is confirmed by:

- * The Sustainable Development Goals
- * The Pillars & Features of ERMEA
- * The Ruben Centre Strategic Plan
- * ERM Strategic Development Framework
